

Save the Goshen School House Committee

Meeting Minutes

May 23, 2012

Meeting started at 7:14 by Cynthia Gorman

Treasures Report: As of May 23, 2012, there is \$1,552.53 in fund

OLD Business: Ms. Donna Soffe sent some pictures of the school house and of some of its pupils to Mr. Natali at Natali Vineyards for possible selections of his wine labels for the Goshen White.

An email address was obtained and will be sent to our webpage designer to be posted on website.

Quilt samples were shown by the Soffe women.

Steve's Café- there is a delay in the date of the spaghetti dinner due to personal issues with Steve, the new possible proposed date is July 11th. Donna Soffe will be designing the tickets and we will still need waiters, dishwashers and delivery persons. We would like to have some community people make deserts as a donation for this dinner and to share in the event. The price for tickets will be \$12.00, drinks may be provided for eat in only.

NEW Business: Mr. Lindemon was at meeting to provide all updates on project with the grants. Nancy Zerby has been researching the school house and has been in contact with the Middle Township Board of Education and has found some interesting information.

A geologist/enviormental consultant has been to the school house testing for any biological or chemical contaminates.

Historical Society and architects are interested in any pictures documenting the interior designs of the school house in its original form while the building was a functional school house.

Also explored the options of useage for the building and surrounding property, examples were meeting rooms for the fire district, shelter for

our community if there was an emergency, flea markets, seasonal festivals, continuing education classrooms for the community and many others. A questionnaire will be distributed to our community for ideas on the useage.

Persons in Attendance:

David Ennis

Cindy Gorman

Nancy Livingston

Donna and Lois Soffe

Naomi Tomlin

James Lindemon

Meeting ajorned at 8:35 pm
